

Appointment Resource Changes

Delta of changes made to the standard FHIR DSTU2 Appointment resource for use within the GP Connect APIs.

Field	Baseline	Change	Description
start	0..1	1..1	Date/Time that the appointment is due to take place
end	0..1	1..1	Date/Time that the appointment is due to conclude
slot	0..*	1..*	XPath of element(s) related to appointment - uses 'gp-connect-slot-1' profile
participant	1..*	1..*	Participants involved in appointment - actor reference fulfilled through use of 'gpconnect-practitioner-1' or 'gpconnect-location-1' or 'gpconnect-patient-1' profile
